In house residential treatment facility. Women's inpatient drug and alcohol treatment center.

The Health Care Services is dedicated to serving individuals, families and communities of Wyoming and the surrounding region by providing comprehensive alcohol and drug treatment services. We offer a full continuum of care including assessment services, outpatient services, social detox services and residential care. All of our health care services are CARF accredited. Treatment is available for anyone who: (a) has the desire to change their relationship with alcohol and/or drugs (b) is willing to adhere to the Alcoholic's Anonymous principles (c) is willing to address their whole person in regard to creating meaning and wellness in their life.
